**Disclaimer:** Eccles (UK Foundries FE) Ltd are continually seeking to improve our products and we therefore reserve the right to alter product specifications without prior notice. It is the responsibility of all users to ensure that the above product data is current. Installation details are available on request. It is always recommended that the use of road plates be used where access covers, gully grates and frames are exposed to construction and site traffic during the construction phase of any project and in accordance with "Annex F" EN124-1:2015.

## FEATURES

### COATING

Hot dipped galvanised to ISO EN 1461 to provide protection against corrosion.

### DOUBLE SEAL

Provides an airtight seal and eliminates odours by means of a double neoprene rubber seal.

### LOCKED

Four screws

### MATERIAL

Manufactured from mild steel to BSEN1449:1991

### RECYCLABLE

Long life asset with high circularity contributing to the reduction in carbon footprint.

A range of recessed galvanised steel access covers and frames to accept screed or tile infill.
